

To All NCQMA Members,

I have just a couple of reminders to the membership for this Saturday's Cup Races.

- 1) All Classes will run on Saturday; the race day schedule is posted on the NCQMA website under Events on the right side of the Home Page.
- 2) Track records will be open for Cup Classes only.
- 3) For Cup competitors, track fuel will be used (\$3.00 per car) and cars will be sealed after fueling. Non-Cup competitors, competitor supplied fuel will be used.
- 4) All Cup competitors (Cars and Tires) will be impounded in the designated pit area after their qualifying run. If any service is required, it will have to be performed in the impound area under Tech Director or Race Director assigned supervision.
- 5) As usual, Fast Qualifiers and Top Three will be impounded for Tech after the completion of the event.

Thanks and see you at the track!

Bill Miller
Race Director, NCQMA
