

NCQMA Blue Rookie Move-Up Form

If you wish to move your NCQMA driver from Blue Rookie to competitive classes, you must fill out this form and submit it either in person or via email to the Rookie Director at least 1 week before the date you wish to move up.

Once the Rookie Director has given approval and signed off, you will turn in the signed form to the tower at registration. The Rookie Director may ask to observe your driver and/or consult with the Rookie Committee before you will be approved to move up.

Please note that if you go through NCQMA rookie training, approval given from another track to move up to competitive classes does not indicate automatic approval to move up to competitive classes at NCQMA. You MUST fill out this form and be approved by the NCQMA Rookie Director and/or Rookie Committee before moving up at NCQMA.
